- Received and arranged all Store items for visual display

PROJECTS

- Sales Shop (Accessories, Bikes, Clothes) Analysis |**Excel**: Exploring and understanding dataset, Data Cleaning, Analyzing data, Final Dashboard |**Link**
- Employees Analysis Dashboard |**Tableau**: Data Cleaning Using Excel, Analyzing data, Final Dashboard|**Link**
- Covid-Data-Exploration |**SQL: Data** Exploring and understanding dataset, Data Cleaning, Analyzing data|**Link**
- Create Bike Store Sample Database |**SQL | Link**
- Superstore Analysis Dashboard |**Excel, Tableau|(The Sparks Foundation)| Link**
- Prediction-using-Supervised-ML| **Python (The Sparks Foundation) |Link**

TECHNICAL SKILLS

- Database: MS SQL Server
- Hands on: PostgreSQL
- Visualization tool: Tableau
- Microsoft Office
- Advanced Excel
- Basics Python (NumPy, Pandas, Matplotlib)
- Basics Git & GitHub
- Basics Descriptive Statistics

NON-TECHNICAL SKILLS

- Attention to details
- Communication & Presentation skills
- Flexibility& Multitask
- Team Player
- Self-learning & Fast learner
- Time Manage

VOLUNTEERING

- **Social Services** | Resala Charity Organization   2018 - 2019 |Giza|Hawamdia

COURSES & CERTIFICATIONS

- **LinkedIn Learning**, Tableau Essential Training   April-2022
- **HackerRank**, SQL (Basic, intermediate) Certificates   April-2022
- **LinkedIn Learning**, Build Your Analytical Skills with Statistical Analysis   April-2022
- **Kaggle**, Intro to SQL| Advanced to SQL| Python| Data Cleaning| Data Visualization |Pandas   March - May2022
- **Udemy**, Excel Tips and trick: Learn MS Excel by making 7 Projects   March-2022
- **Udacity**, Data analysis Nanodegree Challenger Track [Business Metrics, Statistics, Excel, Freelance]   Feb-2022
- **MaharaTech (ITI),** Database Fundamentals | Python   Jan-2022

LANGUAGES

- **English**| Good
- **Arabic** | Mother tongues
